Mr. Plunkett presided.

Mr. Plunkett said, "For the record, has the Secretary to the Board gone to the reception area to invite any members of the public who wish to attend today's meeting to come to the conference room?"

Ms. Mrijaj confirmed that she had done so.

Mr. Plunkett said, "I understand that the Budget Director wishes to make a motion. This is a motion, as I understand it, to just correct a typo that was in the prior resolution for the Hudson River Museum contract."

Mr. Soule said, "I move to add item 27 (OnBase ID# 51570) to the agenda. This resolution would amend a resolution approved by the Board on March 17, 2016 which authorized the County to enter into an agreement with the Hudson River Museum of Westchester pursuant to which the Museum shall provide various artistic, cultural and educational programs to the public and to schools throughout the County for the period of January 1, 2016 through December 31, 2016 for an amount not to exceed \$667,000 pursuant to an approved budget by correcting the not-to-exceed amount to a new amount not to exceed \$677,000."

Mr. Plunkett seconded the motion and it was unanimously approved.

Mr. Kaplowitz said, "Item #11 is both an IMA so just use the IMA language for the record. More importantly, and substantively, having spent the last 19 years legislatively working on this item, I just want to note for the record I guess good things do take a while. Two decades worth has brought us to this point which will be a market movement forward for the environment and for public health and safety and for the individuals who are directly, in this case, possibly impacted when this whole project goes forward. I want to thank the administration for their efforts in this area, the County Executive. I want to thank the legislature, Ms. Borgia is here and other Legislators who are not here in moving this forward. This is a good thing. A lot more work needs to be done to make this really happen. I just wanted to note it for the record that this is a very positive day for lots of entities."

Mr. Plunkett said, "Thank you. The Chairman is being very modest because it was his continuing hard work on this particular issue; this is a diversion of certain properties in the New Castle area, amalgamation of properties in the New Castle area which the Board of Legislators have worked on cooperatively under the leadership of our Chairman and even before he was Chairman he was working very hard to help his constituents; so we were pleased in the administration to be partners with you and the entire Board of Legislators. Thank you for commenting on that."

Statement of Michael B. Kaplowitz,
Chairman of the Westchester County Board of Legislators

In 2011 the Westchester County Board of Legislators passed a local law that, among other things, made Board of Legislators' action sufficient to authorize the County Executive to implement Inter-Municipal Agreements – without approval of the Board of Acquisition and Contracts. The local law has subsequently been judicially sustained.

There is today a resolution before the Board of Acquisition and Contracts authorizing the County Executive to enter into Inter-Municipal Agreements.

I will vote for the resolution because I am in favor of the underlying matter. I recognize that the resolution is on the agenda pro forma.
